Akatombo (Red Dragonfly)

三木露風 Rofu Miki 山田耕筰 Kosaku Yamada

- 1. Red dragonflies in the sunset. When was it that I watched them on someone's back?
- 2. In mountain fields we gathered mulberries in small baskets. Or was it just a dream?
- 3. At fifteen my big sister left home to get married. Her letters have long since ceased to come.
- 4. A red dragonfly in the sunset, stopping on the tip of a bamboo pole.
