Tee ilu

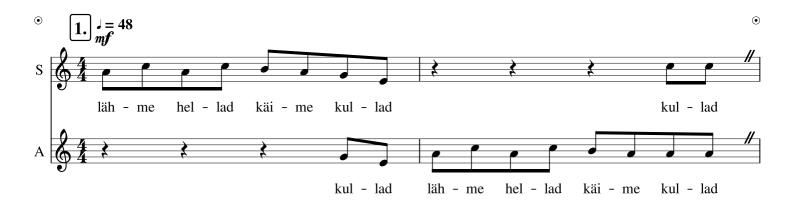

Mīļajām māsiņām Elvīrai un Valijai

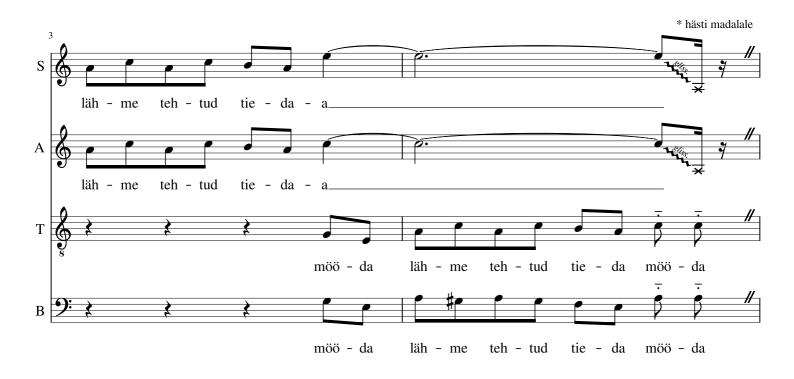

- 1. Lähme, hellad, käime, kullad, lähme tehtud tieda mööda, raiutud radasid mööda, kust on enne orjad käinud, orjad käinud, härjad läinud, orjad käinud õhta-ani, vaimu-lapsed valge-eni.
- 2. Hulk siit läinud uhke-eida, mõni rida rikka-aida, paar läind peretütterida Ei need teinud teeiluda, teeiluda, maamõnuda, metsa kõrge puu kõmada.
- 3. Meie kaksi vaesta lasta, meie teeme teeiluda, teeiluda, maamõnuda, metsa kõrge puu kõmada, laia välja laulusida.
- 4. Et see tee ei teota meida, väli laia laida meida, metsa kõrge puu kõnele.
- L. Laula, laula, suukene, liigu, linnukeelekene, mõlgu, marjameelekene, ilutse, südamekene!

 Küll saab siiski vaita olla, kui saab alla musta mulla, kena kirstu keske'elle, valge laudade vahele.
